

To,

MKSSS's Cummins College of Engineering for Women

Survey No. 11/2, Karve Nagar, Pune, Maharashtra 411052

Subject - **LETTER OF INTENT**

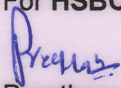

Having a successful 'Campus Recruitment' programme with your esteemed Institution, HSBC Software Development (India) Private Limited' (hereinafter known as "HSDI") takes this opportunity to place our intent of enriching our relationship to campus engagement programme. Our aim is to enhance the long term relationship with your esteemed institution by proposing certain engagement which we have enlisted below.

- A) **Internship programme:** The 'Internship' programme is aimed towards students from engineering and business management education institutes for graduates and post graduates. Internship is a development program designed to provide experience in the technology spectrum up to 6 months, as per the education institute and the organization norms. Every student accepted for internship will have a well-defined learning plan with measurable objectives.
- B) **Domain sessions:** The purpose is to carry out active domain sessions for the students spread across the academic year. Given the increasing demand for technical & functional expertise, students need to be industry ready hence business would work with students & faculty to impart technical /domain knowledge.
- C) **Sponsorship programme:** HSBC would look at establishing a platform to leverage on various activities adding value to the students, Institute and the organization.
- D) **Faculty connect programme:** The 'Faculty Connect' Programme is knowledge sharing platform for up scaling the faculty & overall curriculum enhancement into latest trends and developments in the fields of technology.

We look forward to your positive participation and support in bringing this programme to a success. This is only a letter of intent and does not have binding effect. At the outset, we truly appreciate your time and continued support.

Sincerely,

For **HSBC Software Development (India) Private Limited**

Preetham Singh
Human Resources Head – HSDI
