

The Green Campus Policy

Objectives of the Green Campus policy:

- To develop an eco-friendly sustainable campus.
- To encourage students, for protecting and conserving the environment and sustaining the natural resources.
- To develop an institution on a self-sustainable basis in the areas of power, water and cleanliness.
- To continuously improve the efficient use of all natural resources, including energy and water, by reducing consumption.
- To ensure that the waste produced is minimal and to recover/recycle wherever possible.

The policy Statements are as follows:

- To increase the green cover in and around the campus.
 - Carry out tree plantation once in a year.
- To adopt methods for waste segregation
 - Separate out daily waste on campus as wet waste, dry waste, plastic waste, paper waste etc.
- Take appropriate actions to reduce or recycle municipal waste inside the campus. ○ Generate biogas using wet waste gathered within campus. Produce compost from natural waste.
- To manage, collect and dispose e-waste appropriately
 - Organize an e-waste collection drive once / twice in a year.
- Take appropriate actions to reduce consumption of plastic in the campus. ○ Provide paper bags or bowls made with leaves within the Canteen area to serve eatables.
- To encourage paperless work culture and recycling/ reuse of paper.
 - Focus on digitization of documents wherever possible.
- To conserve energy by using alternative energy sources.
 - Use of LED tubes instead of traditional lights.
- Adopt measures to minimize water consumption on campus.
 - Recycle wastewater and reuse it for planting the plants on campus.
- Take appropriate actions to minimize greenhouse gas emissions due to energy consumption that contribute to global warming and ozone layer depletion. ○ Optimal use of AC, install only if it's highly essential.
- Create awareness among students about environment and sustainability.
 - Introduce a course in academia to create such awareness.
- Encourage use of bicycle, walking and carpooling
- Encourage use of stairs.
